Education

University of Caloocan City, Philippines

Bachelor of Science in Computer Science, 2022 - Present

Personal Projects

Mabini Cafe

- Developed a point-of-sale and inventory management system for a local cafe.
- Built the frontend using Svelte for a fast, modern user experience.
- Collaborated with a teammate who implemented the backend in PHP.

EHR with CDSS

- Developed an Electronic Health Record system with Clinical Decision Support.
- Used Laravel for backend development, including patient data management and authentication.
- Integrated automated clinical alerts and decision support tools.
- Designed user interfaces for doctors and staff to access and update records securely.

Tech Stack

- PHP
- JavaScript
- HTML/CSS
- Laravel
- Svelte
- SQL
